## Passes Away in Colorado

Relatives here were advised by wire Saturday of the death of Nathan Browne Curtis at Two Buttes, Colo., March 13, from influenza and heart trouble. He is survived by wife, who was Miss Mary Christopher, his father, Wm. Curtis, and nephew, Lewis Daughetee, all in Colorado. A half brother, J. W. White, of Edmond, Okla., also survives. He was fifty-one years old.

Mr. Curtis located in Colorado in 1889 and has since resided there where he has made quite a success on the farm and ranch. He returned to his old home at Spout Spring in 1892 and married Miss Mary Christopher. No children were born in their home.

Mr. and Mrs. Curtis visited relatives here in 1905. He had not since been back, though Mrs. Curtis has been here once since then.

Mr. Curtis is a cousin to W. F. Barnett, of this city. Mrs. John W. Mize, of Vaughn's Mill, and a distant relative of the editor of this paper. His many friends of this county and at his old home at Spout Spring will be grieved to learn of his passing.

## Board of Supervisors in Session

The Board of Supervisors of the county concluded its labors at Stanton yesterday after ten days' session. The tax payers of the county seemed content to place old values on their property last fall, or had not learned that values had gone up. So the board, composed of Martin Ford, G. M. Derickson and H. G. Crabtree, has quite a task to make the proper raises and equalization.

## Shale Men Making Surveys

The shale men have an agent here and are making surveys of the tracts of land recently purchased for the purpose of operating a shale oil extracting plant. The men promoting this project have taken option on some town property and seem every way to mean business. Here's success to their enterprise.

## Garden Seed Gone

All of the garden and flower seed sent the Times for distribution by Senator Beckham has been given out to our readers. We are expecting another batch later from Congressman Cantrill when it is hoped we will have enough to go round. When we receive the seed notice will appear in the Times.

## Buys Dairy

Franklin Margison has purchased of J. E. Burgher eleven milk cows, has rented a portion of the farm for grass and crop, and will continue the dairy this season. Mr. Margison will also teach the school at Spout Spring this fall.

## Dog Bites Boy

The little son of Francis Charles was bitten by a neighbor's dog in the calf of his leg and has a very sore limb as a consequence. The dog was not a mad dog.

## Motor Car Injures Mare

Friday morning while Dave Rose was passing the railroad grade crossing in this city with a two horse team and wagon, a motor rail car passing struck a splendid mare driven by Mr. Rose and broke a leg. The injury was so severe that the mare had to be killed. A freight train was standing on the track close to the crossing which prevented Mr. Rose from seeing the approaching motor car and also prevented the occupants of the car from seeing the team.

This is remindful that the railroad should be required to keep a watchman at this crossing before some person is killed. It is a very great risk to continue this crossing without protection from trains.

## Will Have Sale Saturday

A. H. Rose will have a sale of personal property at West Bend Saturday, the 20th, and will move to Indianapolis, Ind., where his father, J. D. Rose, now resides. Notwithstanding the advanced age of Mr. Rose Sr., he is now steadily employed in an Indianapolis factory and earns thirty-five dollars per week for wages. This is far better than the average young man gets for his time.

## Undergoes Operation

Mrs. Wm. Mountz, Jr., of Beatyville, underwent an operation Monday at the Gibson Infirmary, Richmond. She stood the operation well and is getting along as well as could be expected. Mrs. Mountz's three children are here with their grand parents, Mr. and Mrs. Wm. Mountz, Sr.

## School to Close March 26

The Bowen school will close Friday March 26th, 1920. An examination of pupils of the school will be held at the same time. The school Superintendent, Prof. Dudley Caudell, and any one interested in school work are invited to attend this examination. F. P. Tracy, Teacher.

## Card of Thanks

We take this method of extending our sincerest thanks to the many friends of Clay City who so tenderly and graciously ministered to our dear husband and father, John Rose, in his last sickness and death.

The Family.

## Circuit Court Adjourns

Circuit Court convened at Stanton Monday but was adjourned on account of the flu situation in the county, particularly about Stanton. Several cases were disposed of Monday.

## Wire Fencing

Geo. S. Ware has just received a large quantity of woven wire fencing and fencing wire which he is selling at popular prices. He also has a supply of Disk Harrows and Plows.

## Census Returns Disappointing

Louisville, like Cincinnati, is grievously disappointed at her census returns. Kentucky's metropolis shows a gain of but little more than ten thousand.

## School Census Year

This is the year for taking the school census which is now taken only every other year. This is not fair to all schools as has been demonstrated in the Clay City school. Two years ago when the census was taken there was but few scholars. Last year, owing to an influx of population, there were fifty per cent more children to be schooled in the town than was paid for by the state. The census should be taken each year and then at the beginning of the school term when it can be demonstrated how many children there really are to attend each school.

## The Bank Report

The Clay City National Bank has one of their splendid reports in this issue of the Times. The business of this bank, as shown by this report, passes the one-half million mark which is simply phenomenal. One can hardly conceive "the Clay City bank" doing such an enormous amount of business. The secret of this remarkable showing is in its superior management and its genial and courteous treatment to all its customers who are far and near.

## Resolutions of Respect

Stanton Lodge No. 352, F. & A. M. Stanton, Ky.

Whereas, It has pleased the Grand Architect of the Universe to call from our midst, Brother Harlow Norton, who passed into the Great Beyond on March 12, 1920, therefore be it

Resolved: That this Lodge has lost one of its truest and most faithful brothers and a good Mason, and his family a kind, indulgent husband and father.

Resolved: That we extend to his family our heartfelt sympathy in this hour of sorrow, and commend them to the Almighty Father who doeth all things well.

Resolved: That a copy of these resolutions be spread upon the records of this Lodge, a copy sent to the family, and a copy published in the county paper.

## The Near East Relief

The terrible conditions of "The Near East" is growing worse daily. Thousands are dying each week from starvation, cold, homeless, and only gunny sacking and few rags to keep them from freezing to death. This is a country where they have real arctic winters. Only a few days ago the Turks made another raid murdering 10,000 Armenians and it is said America is the only nation that can save these people.

Powell county's quota is \$700. Now want every man woman and child donate as liberally as possible to these destitute people? This is the oldest Christian nation upon earth.

Mrs. Randall Harter,

Chairman Powell county

Don't forget to tell the Times every item of news you know.

## Acetylene Gas Lights

### Are Best of All

#### For Economy Convenience and Brilliancy.

The Light that Does not "Come and Go" nor "Rise and Fall"  
But is always Steady and Cheapest next to Daylight only.

#### The Hawkins' Acetylene Gas Generator

Is the BEST and SAFEST of any on the market. This Generator is now being introduced in Powell, Estill and Lee counties by me who will be pleased to explain the advantages of a Private Gas Plant for Lighting, Cooking, Ironing Etc., and the excellency of the HAWKINS' PATENTED GENERATOR for producing this gas from Carbide of Limestone which makes SUPERIOR LIGHTING cheaper than coal oil lamps. Can sell and install complete for one fourth the cost of small electric outfits. Then you have the convenience of gas for summer cooking

While introducing this light in the above mentioned counties, will have headquarters in Clay City, and will be pleased to have you look me up if you are thinking of having an improved Lighting system installed in your home, business house, office or church. Inquire for me at the Company Store or at the Times office where our plants have been sold.

Yours for Better Lights in Every Home.

## Co-Operative

### Poduce Marketing

Co-operative marketing is the only plan that will INSURE you the BEST MARKET for your PRODUCE

But that co-operation must be between yourself and one that has access to all the market—one that knows where to market your stuff, and Just how much it is worth.

I receive daily quotations from all the principal markets of the country, and watch the price changes from day to day. I have trading accounts with the best firms in the country, and can guarantee you the Top Price at all times for every dollar's worth of stuff you bring me.

#### Marketing Produce is Our Business

Am in the market for all your produce CHICKENS, EGGS, HIDES—any and every product of the farm. Bring your Poduce to the one that pays you CASH and always the HIGHEST PRICES.

county, are charged with breaking into the store of Mountain Central Railroad at Campton Junction, Thursday, robbing the cash drawer of all the money they could reach through the window, amounting to something over \$15 and boldly walked on up the railroad to Torrent and were later arrested by Taylor Swango and lodged in the Stanton jail. They are about 18 years of age. It was rather a bold robbery for boys of such tender age.

God sent his white winged messenger of death into the home of Mr. and Mrs. Brent Ewen, of Fenwick, March 11 at 12 o'clock, and claimed their only little darling, Minnie Thelma Clay, aged 11 months and 16 days, and like a lily of spotless white, the little sufferer closed her eyes and was carried back to the God that gave her to the fond young parents. She was an unusually bright and pretty child and a favorite of all the relatives, but God saw fit to take her before sin had made one spot on her pure little soul. While it is hard for the parents, we must remember God's will be done, not ours. He has a home prepared for little Thelma, where she never wants and is only waiting for Papa and Mama. Let us say as the Psalmist David. "Oh, remember how short my time is. For what vanity hast thou created all the children of men. What man is he that shall live and not see death?"

And again he says, "Blessed is the man whose strength is in Thee." "In whose heart are the highways to Zion, passing through the valley of weeping. They make it a place of springs. Yea, the early rain covereth it with blessings."

Death of the little infant or one of God's redeemed is only a sweet sleep and rest from all cares, and we should

say, "thank God for His goodness and loving kindness." "I will take His yoke and learn of him." Our dead can not come to us, but we can go to them. Many friends and relatives join the stricken parents in deepest heart-felt sympathy.

There is no death! The stars go down, To rise upon some fairer shore, And brighter in Heaven's jewelled crown, They shine forever more.

There is no death! The leaves may fall, And flowers may fade and pass away, They only wait through wintry hours, The coming of the May.

There is no death! An angel form, Walks o'er the earth with silent tread, He bears our best loved things away, And then we call them dead.

He leaves our hearts all desolate, He plucks our sweetest flowers, Transplanted into bliss, they now Adorn immortal bowers.

And ever near us though unseen, The dear immortal spirit tread, For all the boundless universe Is life. There is no dead.

THE UNIVERSAL CAR

The Ford Touring Car is literally the pioneer in the solution of the Good  
Roads problem, because three million or more in operation brought up to the  
millions of America the necessity of good roads if quick transportation at low  
expense was to be enjoyed. The simplicity of the Ford car, its stability in  
construction, the famous heat-treated Vanadium steel with its marvelous strength  
and flexibility, the low cost of operation and maintenance, its ease in operation,  
all have made the Ford car the great favorite in every land in the world. It's  
the one car that always satisfies and serves. A utility beyond question that all  
can afford. We sell them and will be pleased to have your order. Don't delay,  
because the demand is heavy all the time. We have almost everything in motor

## Pepto-Mangan Makes Rich Red Blood

**Helps Restore Thin, Run-down  
Men and Women to Vigorous,  
Full-Blooded Health**

**Recommended by Physicians**

**Sold in Liquid or Tablet Form—  
The Name "Gude's" the Guide  
to the Genuine**

It is a true saying that your health is only as good as your blood. Good, rich blood manifests itself in a healthy, natural complexion; clear, keen eyes; tireless energy and enthusiasm; and an abundant supply of reserve strength.

And just as positively does poor, thin blood directly influence the entire system. Pale, sallow complexions; dull eyes; a listless step; languidness; tiredness; worn-out feeling; general dejectedness and unhappiness—all are positive signs that the body is not recovering its proper nourishment through the blood.

Pepto-Mangan helps restore vigorous health, because it contains the very elements so much needed by the blood to enable it to perform its functions and supply the body with nourishment, energy, and strength.

For your convenience, Pepto-Mangan is prepared in tablet as well as liquid form. Both possess exactly the same medicinal value.

There is but one genuine Pepto-Mangan, and that is "Gude's." If the name "Gude's" is not on the package it is not Pepto-Mangan. Advertisement

### In Loving Remembrance Of Cecil Williams

Died, March 8th, 1920. Age, 4 years, 6 months and 15 days.

The gentle voice now is hushed,  
Thy warm true heart is still,  
And now thy young and innocent brow,  
Is resting death's cold chill.

Thy hands are clasped upon thy breast,  
We have kissed thy loving brow,  
And in our aching hearts we know,  
We have no darling now.

His Loving Parents.

### Wants Times Again

Garnet, W. Va.  
March 10th, 1920.

Mr. J. E. Burgher:  
Was surprised to know you were printing the Times again. We left Decota April 23, 1918. I have never received a paper since leaving there. I am sending for it again, so I can hear from my old home people and friends. You will find enclosed \$1.00 for the paper and send it to Garnet, W. Va. It is always welcome in our home.

Respectfully yours,  
Lou Howell.

Joe Mountz has finished his garage and is improving conditions to the entrance so when the weather opens he will be ready for business.
